

HO! HUM! ALL MUST GET OUT HOUR EARLIER

Thousands of Workers in City Will
Be Affected by Daylight Sav-
ing Plan March 31.

STREET CAR MEN HARD HIT

Ball Games Will Be Possible After
Supper and Gardeners Will
Get in Extra Licks.

What will happen March 31 when
all of the clocks in the city will be
set forward an hour under the day-
light saving plan?

It will mean that the thousands
of workers in Rock Island will
arise an hour earlier in the morn-
ing. Under the new order of things
the street car employees will be the
earliest risers, that is, those in
charge of the first cars out of the
barns in the morning. These men
now get up at 3 o'clock and report
for duty at the barns at 4. Under
the new time they will get up at 2
o'clock and be at their work by 3
o'clock in the morning and report
at 4. Milkmen are similarly af-
fected.

The great mass of toilers start
work at 7 in the morning and most
of them arise at 6 o'clock. After
March 31 they will get up at 5
o'clock and be at their work by 6.
Those starting at 8 o'clock now
will start at 7 under the new plan.
In each case the employee will quit
work an hour earlier in the even-
ing.

It is estimated that there will be
a large saving of fuel in this com-
munity because of the great num-
ber of manufacturing plants locat-
ed here. At Rock Island arsenal
alone there are 10,000 men em-
ployed.

Many things will be possible
after March 31. The majority of
the householders will have an ex-
tra hour to devote to their gardens
or any other pursuit in which they
are interested. A full nine-inning
ball game will be possible after
dinner when the new law is ap-
plied. During the longest days in
June it will be light until almost
9 o'clock.

Queer at First.
The new order of things will
seem to be a little queer the first
week, but matters will adjust them-
selves later on so that no change
will be noticeable. The real beau-
ties of nature, so apparent when
the sun is rising in the summer
time, will now be witnessed for the
first time by many who never took
advantage of it before.

All clocks and watches are to be
moved forward one hour by house-
holders when they retire the night
of Sunday, March 31. On the last
Sunday in October the clocks will
be retarded one hour.

ALEDO AT A GLANCE

Daily Doings in Mercer County's Busy Capital

Bailey Banned to Grand Jury.

John Bailey was held to the
April grand jury yesterday in Jus-
tice of Peace W. D. Emerson's
court on a charge of rape. His
bonds were fixed at \$1,000. He was
unable to furnish those and was
taken to the county jail to await
the action of the grand jury.

The full charge against Bailey
was that he had carnal knowledge
of a female child under the age
of 16 years—Josephine Reed, a fe-
male 9 years of age.

Bailey is 27 years old and is mar-
ried. He has three children. He
lives in East Moline, where he is
employed by the Rock Island road.
The crime was committed in
Sherrard, according to Josephine,
when she was staying with her sis-
ter, Frances Reed, aged 16, who
was working in the Bailey home. It
happened early in January.

The family formerly lived in Rey-
nolds, where Bailey worked on the
section. About the time the family
moved to Sherrard Josephine came
to the Bailey home to live with her
sister, Frances. Soon after they
were settled in Sherrard, Bailey
committed the crime, according to
Josephine. She told her sister, but
they had no one to confide with, so
waited until they returned home to
Rock Island, where advice was
sought by their mother, and prosecu-
tion started.

According to testimony given by
Mrs. Reed, mother of Josephine, the
Rock Island city physician in-
formed her that Josephine also had
a venereal disease which she con-
tracted from Bailey.

Bailey denied every statement
made by the state's witnesses and
claimed to have no knowledge of
the case. He pleaded not guilty to
the charge and stated that it was
absolutely false.

Dr. G. H. Moore, Dr. A. C. Sells
and Dr. H. L. Walker were called
by the defense for expert witness-
es. They had no personal knowledge
in the case.

Southern Agent Resigns.

A. J. Johnson, local station agent
for the Rock Island Southern Rail-
way company, has resigned. He
will take a position with Deere &
Co., Moline. No one has been
named to fill the vacancy. Johnson
will be in the accounting depart-
ment in the head office of Deere &
Co. in Moline. He will have charge
of the traffic work in that depart-
ment.

Late Car Runs Again.

Starting March 30, the late inter-
urban car on the Rock Island
Southern will run again on Satur-
days only. The car has been off
for several months. The car will
leave Monmouth and Rock Island at
11 p. m. and will arrive in Aledo at
12:35 Sunday morning.

Two Men Home.

Sergeant Earl Gelbrich and Pri-
vate Roy McCaw, Battery B, One
Hundred Twenty-third heavy artill-
ery, arrived home Wednesday for a
short furlough. They came from

Camp Logan, Houston, Texas,
where the battery is encamped.
Both men have 10 day furloughs.

Peoria Thursday to visit at the
home of her son, Arthur Hodgson,

OLD PRESCRIPTION FOR WEAK KIDNEYS

Have you ever stopped to reason
why it is that so many products
that are extensively advertised, all
at once drop out of sight and are
soon forgotten? The reason is
plain—the article did not fulfil the
promises of the manufacturer. This
applies more particularly to a med-
icine. A medicinal preparation that
has curative value almost sells it-
self, as like an endless chain sys-
tem the remedy is recommended
by those who have been benefited,
to those who are in need of it.

A prominent druggist says "Take
for example Dr. Kilmer's Swamp
Root, a preparation I have sold for
many years and never hesitate to
recommend, for in almost every
case it shows excellent results, as
many of my customers testify. No
other kidney remedy that I know of
has so large a sale."

According to sworn statements
and verified testimony of thousands
who have used the preparation, the
success of Dr. Kilmer's Swamp-
Root is due to the fact that, so
many people claim, it fulfills almost
every wish in overcoming kidney,
liver and bladder ailments, cor-
rects urinary troubles and neutral-
izes the uric acid which causes
rheumatism.

You may receive a sample bottle
of Swamp-Root by parcel post. Ad-
dress Dr. Kilmer & Co., Bingham-
ton, N. Y., and enclose 10 cents;
also mention the Rock Island Daily
Argus. Large and medium size
bottles for sale at all drug stores.

Better cream pie—and in a war crust!

Give your family this cocoanut cream
pie tonight, made with Libby's Milk. See
how they'll say it's "the best pie they ever
ate"—that it has "such a different taste!"

Libby's Milk—pure, fine milk with
more than half the moisture removed,
nothing added—is so rich, so like thick
cream, that it makes all pie fillings un-
usually rich and luscious.

The Libby method of sterilizing their
milk—so it will come to you fresh and
pure—gives the delightful flavor that
makes its users prefer it to any other
milk in their coffee and in all cooking.

Make Libby's Cocoanut Cream Pie.
See if your husband enjoys it as much as

other men do, and with this war crust
you can serve it as often as you please!

Libby's cocoanut cream pie
Sift one cup flour, 1/2-cup barley flour, 1/2-cup
corn meal and 1/2-teaspoonful salt into a mixing
bowl. Work in two tablespoons shortening.
Add slowly 1 1/2-cup Libby's Milk mixed with
1/2-cup water.

Cream a tablespoonful butter. Add two
tablespoonfuls sugar, the yolks of two eggs,
two tablespoonfuls cornstarch and 1/4-cup shred-
ded cocoanut soaked in 1/4-cup Libby's Milk
with 1/2-cup water.

After the pie is baked, beat the whites of the
eggs with a fork till stiff, add two tablespoonfuls
sugar, heap over the top of the pie, dust with
sugar, sprinkle over cocoanut and brown in
the oven.

Order from your grocer today this milk
from famous pasture lands.
